P. M. #481

Dear Howard:

I am enclosing a disclosure that will give you additional information on "DAP Addition to Improve Flavor of Reconstituted Tobacco." The inventorship in this case is as yet undetermined.

We will need to examine carefully the Pectin application to determine if we should file this as a separate application. We would want to safe guard ourselves in every way. This seems to be a phenomenon that we had not registered earlier.

Sincerely,

TCH
Mrs. Thelma C. Heatwole
Patent Liaison Officer
